

# Joint Environmental Initiative

## Waste management

Including waste from Electrical and Electronic Equipment (WEEE)

## Iraq

### Who ?

Virton via Xeless – Your expert in collection, sorting, dismantling for WEEE, incineration and recycling of some fractions (plastics, metal, glass, oil, batteries, tires) through partners.

### Why choose Virton ?

**Guaranteed legal compliance:** compliance with national environmental standards.

**Recognized expertise** in waste management in Iraq.

**Please note that this is a last resort solution for WEEE** for which you have no other options: many fractions of this waste are incinerated.

## Their services

**Collection and handling** of your equipment after inventory.

**Sorting and dismantling** in a suitable workshop, ensuring that some components are recycled when possible.

No specialized WEEE recyclers in Iraq to date, but **some fractions are recovered through their partners.**

## Interested ? Here are the next steps :

1. Inventory of your waste
2. Agreement on contractual terms and conditions
3. Validation
4. Collection and processing
5. Certificate and report
